Administrative Master Syllabus

Cover Sheet

Purpose: The Administrative Master Syllabus provides a general course description, defines the required elements of the course, and establishes a faculty-driven foundation for course assessment to ensure continuous improvement in student learning, irrespective of the course timeframe, or mode of course delivery.

Course Title: Statics
Course Prefix and Number: ENTC 1343
THECB Approval Number (10 digit): 1500000000
Department: Architecture & Civil Engineering
Division: Industrial
Course Type: (check only one)
- Academic General Education Course (From ACGM but not a CBC Core Course)
- Academic CBC Core Course
- WECM Course (Special Topics or Unique Needs Course: Y or N)

Weekly Contact Hours (Lecture – Lab – External): 2 – 2 – 0

Course Catalog Description:
A Study of the composition and resolution of forces and the equilibrium of forces acting on structures. Includes the concepts of friction, moments, couples, centroids, and moment of inertia.

Prerequisites/Co-requisites:
N/A

Approval: The contents of this document have been reviewed and are found to be accurate.

Revised 8/11/2021
Master Course Syllabus

Course Name: ENTC 1343 Statics

Course Description: A study of the composition and resolution of forces and the equilibrium of forces acting on structures. Includes the concepts of friction, moments, couples, centroids, and moment of inertia.

Semester Hour Credit: 3

Lecture Hrs. per Week/Lab Hrs. per Week/External Hrs. per Week: This course consists of (2) lecture hours and (2) lab hours per week.

Curriculum Capacity:

- Face-to-Face Lab 15
- Online Lab 35
- Face-to-Face Lecture 15
- Online 35
- Virtual Face-to-Face N/A
- Interactive video (multi-locations) N/A
- Hybrid 15
- Clinical N/A

Recommended enrollment threshold:

- Face-to-Face Lab 9
- Online Lab 9
- Face-to-Face Lecture 9
- Online 9
- Virtual Face-to-Face N/A
- Interactive video (multi-locations) N/A
- Hybrid 9
- Clinical N/A

Revised 2021-2022
Textbook and/or other major required readings:

Title: Engineering Mechanics  
Author: Hibbeler, (textbook)  
Publisher: Pearson (textbook)  
Edition: 5th edition (textbook)  
ISBN: 9780133921656 (textbook)

The Student Learning Outcomes for the course are the same regardless of modality or location.

Course Outcomes  
(WECM or LDACGM)

Upon completion of this course the student will be able to:

1. Define and give examples of the basic terminology
2. Describe the major types of forces and force systems
3. Prepare and sketch force vector diagrams or other geometrical illustrations
4. Solve problems involving vectors, forces, friction, moments, centroids, or moments of inertia

The following general education course competencies (TGE) or Marketable SCAN Skills (CTE/NAH) are addressed in this course: General education course competencies (TGE) or Marketable SCAN Skills (CTE/NAH) assessed are indicated with an asterisk *.

- **Mathematics** – using mathematics to solve problems
- **Active Listening** – Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times
- **Critical Thinking** – Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions, or approaches to problems
- **Reading Comprehension** – Understanding written sentences and paragraphs in work related documents
- **Writing** – Communicating effectively in writing as appropriate for the needs of the audience
- **Monitoring** – monitoring or assessing performance of yourself, other individuals, or organizations to make improvements or make corrective action
- **Time Management** - managing one’s own time and the time of others

Revised 2021-2022
The following program student learning outcomes are assessed for this course:

- The student will utilize proper formulas to calculate and determine solutions for word problems.
- The student will listen to detailed instructions and translate that to solve the problems.
- The student will utilize critical thinking to solve design math problems by thinking and visualizing by sketching a free-body diagram.
- The student will communicate the solutions of the problems by drawing a good diagram and using the right formulas to solve it.
- The student will utilize good writing skills to translate the technical writing in the word problems and then solve them by sketching a graphic representation along with the solution of the problem.
- The student will develop a system of checking the work to ensure accuracy of the details of the solutions.
- The student will develop proficiency in drafting / drawing time and developing accurate solutions to applied math problems accurately to complete the overall project.

Evaluation Methods:

- Drawings & Assignments
- Tests
- Attendance and Participation
- Final Exam

Course Grading: Please see individualized instructor policies for course evaluation methods. Students will be assessed on the same measure across each discipline as per CBC guidelines.

Major Course Assignments and/or exams counting for at least 10% of a final course grade:

- Drawings & Assignments 50%
- Tests 15%
- Attendance and Participation 10%
- Final Exam 25%

Grade Scale:

- A = 100-90
- B = 89-80
- C = 79-70
- D = 69-60
- F = 59 & below

Revised 2021-2022
Course Subject Matter Outline:

Chapters 1-4 General principles, force vectors, equilibrium, force resultants  
Chapters 5-8 Equilibrium of a rigid body, structural analysis, internal forces, friction  
Chapter 9-10 Centroids & moments

Additional Course Requirements:

Class attendance is necessary. A student will be dropped if more than 3 consecutive absences during the semester or if student exceeds 6 absences during the semester.

Class Attendance and Classroom Conduct Policies

Attendance Policy: Please see individualized instructor policies for attendance, which are pursuant to any related policy as outlined by the college handbook, financial aid agreements, or any other college related understanding (e.g., athletics, organizations).

helpdesk@coastalbend.edu

Live Chat: Fall/Spring Hours: Monday - Thursday from 8 a.m. to 5 p.m. Summer Hours: Monday – Thursday from 7 a.m. to 6 p.m.

Tutoring Services: Coastal Bend College is committed to the academic success of all students enrolled at the college. A variety of services, including academic support, individual tutoring sessions, group tutoring sessions, and online tutoring, are available to students depending on the availability of tutors for the subject matter requested. All tutoring is provided at no cost to current CBC students who are currently enrolled at CBC. On-demand tutoring services are accessible 24 hours a day, seven days a week through the TutorMe platform, which may be accessed through your Blackboard account. To request a tutor, please complete the online tutor request form found at http://www.coastalbend.edu/tutoring/ to submit your request. If you have any questions about tutoring programs, you can contact tutoring@coastalbend.edu.
Grady C. Hogue Learning Resource Center (Library): Located on the Beeville campus, the operation hours are Monday - Friday from 8:00 a.m. to 5:00 p.m.

(Summer semesters will observe the CBC campus operation hours) For locations and hours of the CBC library in Alice, Kingsville, and Pleasanton sites please visit the library web page link below.

Grady C. Hogue Learning Resource Center (Library):  [http://lrc.coastalbend.edu/about](http://lrc.coastalbend.edu/about)

Financial Aid: Resources are available for students for financial aid, work study, and veteran benefits. For additional information, visit our website at [http://coastalbend.edu/finaid](http://coastalbend.edu/finaid) or contact us at 361-354-2238. Office hours: Monday - Friday from 8:00 a.m. to 5:00 p.m.

ADA Statement: No qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of the College District, or be subjected to discrimination by the College District. Nor shall the College District exclude or otherwise deny equal services, programs, or activities to an individual because of the known disability of an individual with whom the individual is known to have a relationship or association. 42 U.S.C. 12132; 28 CFR 35.130(g). See at: [GA (Legal)](legal)

Students with Disabilities: Please notify your instructor of any modification/adaptation you may require accommodating a disability-related need. You will need to provide documentation to the Director of Accessibility Services so the most appropriate accommodation can be determined. Specialized services are available through the Office of Accessibility Services ([OAS](http://coastalbend.edu/accessibility)) (SSB 4.104, 471-6259). For more information, please email [oas@coastalbend.edu](mailto:oas@coastalbend.edu).

Scholastic Dishonesty: Each student is charged with notice and knowledge of the contents and provisions of Coastal Bend College’s rules and regulations concerning student conduct. All students shall obey the law, show respect for properly constituted authority, and observe correct standards of conduct. Scholastic dishonesty shall constitute a violation of these rules and regulations and is punishable as prescribed by Coastal Bend College Policies FLB (Local) and FM (Local). Scholastic dishonesty shall include, but not be limited to, cheating on a test, plagiarism, and collusion. See at: [FLB (Local)](local) and [FM (Local)](local).

Use of E-mail for Official Correspondence to Students: All students should be familiar with the college’s official email student notification policy. Students are expected to check their CBC email on a frequent and regular basis to stay current with college-related communications, recognizing that certain communications may be time-critical.
Copyright Law and Intellectual Property Rights Policy: Copyright is the right of an author, artist, composer, or other creator of a work of authorship to control the use of his or her work by others. Protection extends to literary works, musical works, dramatic works, pantomimes and choreographic works, pictorial and graphic works, sculpture, motion pictures and other audiovisual works, sound recordings and architectural works. Generally speaking, a copyrighted work may not be reproduced by others without the copyright owner's permission. The public display or performance of copyrighted works is similarly restricted. Generally, the unauthorized reproduction, performance or distribution of a copyrighted work is copyright infringement and may subject the infringer to civil and criminal penalties. The Fair Use Doctrine outlines exceptions to this Law and is outlined in Coastal Bend College Policy, CT (Legal).

Coastal Bend College, its faculty, students, and employees must comply with Copyright Law. Detailed information on Copyright Law and Intellectual Property Rights is available in Coastal Bend College Policy CT (Legal) and CT (Local).

Questions regarding this information should be directed to the Director of Library Services at: library@coastalbend.edu or the Office of Marketing and Public Relations at: socialmedia@coastalbend.edu.

Intellectual Property: Student /Third Party Works: Rights to copyrightable or patentable works created by a student or a third party, that is, not a College District employee, shall reside with the author/creator. Detailed information on Copyright Law and Intellectual Property Rights is available in Coastal Bend College Policy CT (Legal) and CT (Local).

Questions regarding this information should be directed to the Director of Library Services at: library@coastalbend.edu or the Office of Marketing and Public Relations at: socialmedia@coastalbend.edu.

NOTE: The College website (http://coastalbend.edu) Serves as the main source with the most current version of the Coastal Bend College Board Policies and the Coastal Bend College Catalog.

Student success is our number one priority at Coastal Bend College, and we realize that prompt, effective communication (such as emails, assignment feedback, discussion boards and announcements) plays a significant role in achieving that goal. It is vitally important that you have the proper contact information for your instructor. This should include their phone number, email address, and if applicable, their office number, and office hours. Faculty schedules can be located online at http://coastalbend.edu/hb2504/

If you have any problems contacting your instructor, or do not receive a prompt response to your inquiries, please contact the Dean or Division Coordinator/Program Director as soon as possible. Their contact information is provided below:
